

Denver Sables is part of the SCI Foundation-Sables. “Continuing Our Outdoor Heritage” First for Education in the SCI family

www.denversci.org/sables/

Education Sables are men and women who:

- **Support teachers** to attend the AWLS Program to learn the facts about hunting and wildlife, experience shooting sports and receive certification in the award-winning Archery In the Schools Program. (NASP)
- **Believe hunting is conservation** and strive to continue our hunting heritage through education of the facts.
- **Know that hunters’ dollars pay for wildlife management programs** worldwide.
- **Provide college scholarships** for deserving students
- **Fundraise** to provide Wildlife Science Education Seminars, Youth programs, Conservation Education Grants, Matching Grants to Chapters for supporting education projects and College Scholarships.
- **Partner with Salvation Army Outdoors** for their youth programs.

Denver Sables provides funds to send teachers to the AWLS program in Jackson, Wyoming. We choose two or three teachers every year from our local communities. **These teachers are being honored at the Teacher’s Table at tonight’s event—stop by and thank them!**

We are the proud recipient of the First Place Royal Sables Award from the SCIF- Sables for 2019. **We are auctioning off the gun tonight that we were awarded!** Bid high to support our education programs!

The 2020 Denver Sable of the Year is Terry Reinke who has been an active participant in many of our activities this past year and is a wonderful ambassador for promoting our education projects and connecting with the hunting community. Congratulations, Terry!

Leadership Team:

Mary Predovich, Tammy Scott and Debra Blake
